Marriage at Reidsville.

Miss Pattie Gardner, of Reidsville, and Mr. Will Gwaltney, of Raleigh, were married yesterday afternoon at five o'clock at the residence of the bride's parents in Reidsville. It was a quiet home wedding, but was nevertheless very pretty and impressive. Only a few friends and relatives were present. The pastor of the Baptist church there, Rev. J. Q. Adams, performed the ceremony.

Mr. Walter Chisholm, of this city, was best man, and Miss Lula Gardner, sister of the bride, was maid of honor.

The bride wore travelling dress, and carried bride's roses. The maid of honor wore white organdy and carried pink carnations.

After the ceremony the couple boarded the Southbound train and arrived in this city last night. They remained here until noon today when they left for their future home in Raleigh.

Miss Gardner is well known and has many friends in this city, she having lived here for some time. She is a sister of Mr. Howard Gardner, the druggist. Mr. Gwaltney is a son of Rev. Mr. Gwaltney, formerly pastor of the Baptist church in Greensboro, and for some time was connected with the drug store of Mr. Jno. B. Fariss. At present he holds a position with Mr. H. T. Hicks, of Raleigh.

The couple were the recipients of many handsome and costly presents.

Funeral of Dr. Poole.

The services over the remains of Rev. Solomon Poole were conducted this morning at ten o'clock from West Market Street church by Rev. J. R. Scroggs and Rev. H. K. Boyer. The simple burial service of the Methodist Episcopal church, South, was used.

No memorial was read but one will be prepared by a committee from the Western North Carolina Conference, of which Dr. Poole was an honorary member, and will be read at the memorial meeting held at the next session of the Conference.

The floral tributes were many and handsome. The pall bearers were: Messrs. O. F. Pearce, L. W. Andrews, J. A. Odell, G. T. Glascock, J. H. Merritt, C. C. Johnson, and John Michaux.

Loyal Temperance Legion.

The Loyal Temperance Legion which meets fortnightly at Grace M. P. church had a very interesting time at the last regular meeting. More than thirty-five children were present. New officers were elected and the hour passed quickly to all.

The next meeting will be Friday afternoon at 4 o'clock. The boys and girls between the ages of 6 and 15 are invited to attend.

Session of Orange Presbytery.

The regular semi-annual session of Orange Presbytery convened today in Graham. A number of ministers were in the city today en route to attend its sessions. Some of those who attended are, Dr. Craig, of Reidsville; Dr. W. N. Mebane, of Madison; Dr. E. W. Smith, Rev. W. A. Murray, of this city. Rev. Allen Jones, of Jefferson; and Mr. T. G. McLean of this city.

A Marriage.

Justice of the Peace J. A. Pritchett tied the knot that made one couple happy last night. The couple, Mr. Cicero H. Henly and Miss Ida J. Earr, heart, were from Proximity, and were accompanied by two other couples who gave the Squire to understand that they would come before him shortly on a similar errand.

A Convenient Devise.

The Vanstony Clothing Company are giving a useful little devise with every suit of clothes they sell. It is the "Eureka suit hanger," which holds both coat and trousers in a position that preserves their proper shape.

Mr. George Woodroffe, of Mt. Airy, is spending the day in the city, returning from a trip north.

CHRIST THE VICTOR.

One of a Series of Church Cantatas by Buck, to Be Given Tomorrow Night.

The Cantata, "Christ the Victor," which is to be given tomorrow night at the West Market Street church is one of the series of Church Cantatas Dudley Buck has written to celebrate the birth, death, resurrection and ascension of Christ. "The Story of the Cross" is the history of one day (Good Friday), ending with the placing of the body in Joseph's "new tomb hewn out of the rock." The Cantata "Christ the Victor" begins with that point of time, (Good Friday night) and carries the story through the resurrection to the ascension, the following angelic greetings above ending with reflective thought on earth below.

The program for the evening has been arranged as follows:

PART FIRST.

1. Male Quartette—Selected—Dr. John Wheeler, Mr. Ridenhour, Mr. Haywood Alderman, Mr. S. L. Alderman.

2. Violin Solo—Selected—Prof. Charles Brockmann.

3. Reading from Barabbas—Marie Corelli, Miss Etta Stockard.

4. Vocal Solo—The Resurrection—Miss Grace Clary.

PART SECOND.

Christ the Victor.

For Easter tide and Ascension—By Dudley Buck.

Director—Prof. Clarence Brown.

Accompanist—Mrs. J. Norman Mills.

SOLOISTS.

Miss Lola Carraway—Soprano.

Miss Lucy Glenn—Contralto.

Mr. Richard Crawford—Tenor.

Dr. J. Betts—Baritone.

Such a program should certainly appeal to everyone. No admission will be charged but a collection will be taken and it is hoped a liberal sum will be realized. So come prepared.

Social.

Tuesday afternoon Mrs. Milton Shields most delightfully entertained at a violet luncheon. The handsomely furnished dining room was decorated with smilax and parma violets. The table centerpiece was a basket of violets, and at each guest's plate a dainty repetition of center piece tied with ribbon. Soft lights from shaded wax candles made the scene an unusually pretty one. The menu was served in five courses.

Mrs. Shields guests were Miss Carroll, of Augusta, Ga., Mesdames Bishop, Woodruff, Carter, Hague and Battie.

The reception given last night by Judge and Mrs. James E. Boyd complimentary to their guests, Misses Helen and Alice Boyd, of Washington City, was one of the most brilliant social events held in the city. Music was furnished by the Brockman Orchestra. Refreshments, consisting of ices, cake and punch were served.

Judge and Mrs. Boyd were assisted in receiving by the Misses Boyd. The punch bowl was presided over by Miss Bert Mebane. About seventy-five guests were present and the evening will be long remembered by them as a most pleasant occasion.

Another fire at Richmond.

Richmond, April 10.—The big dry goods department store of Julius Meyer's Son, which occupied almost a quarter of a block on Broad street, together with the stock and fixtures, was completely destroyed by fire today. The fire originated on the third floor among some small mattresses, but from what cause is a matter of doubt. The flames spread with great rapidity and when the fire department reached the scene all it could do was to protect surrounding property.

There will be a meeting Friday night at eight o'clock in the firemen's new building for the purpose of electing officers.

FURNITURE MEN BANQUETTED

MR. FRANK W. DUNBAR ENTERTAINS THEM AT HIGH POINT.

A Most Pleasant Occasion for the Manufacturers' Association—Picture Will Appear in Journal.

High Point, April 10.—The North Carolina Furniture Manufacturers Association which was in session here last night and today was tendered a banquet at the Bellevue Hotel last night by Mr. Frank W. Dunbar, who represents the Pittsburg Plate Glass Company, of New York. The affair was quite an elaborate one in every particular. Music for the occasion was furnished by the Greensboro orchestra.

The dining room was beautifully decorated for the occasion and the tables were laden with rarest cut flowers. A menu of souvenir shape lay at each place. It was of celluloid and on the front side was a lithograph of Mr. Dunbar, whose pleasant countenance was brightened by an exquisite red rose bud just above. The reverse side read as follows: "Banquet tendered the North Carolina Furniture Manufacturers Association by Frank W. Dunbar, representing the Pittsburg Plate Glass Co., of New York, at High Point, N. C., April 10th, 1901."

When the guests were seated at the tables a flashlight photograph was taken by Mr. J. E. Jones. This will appear in the Southern Furniture Journal next month.

Mr. Dunbar's opening speech was very good. He was followed by a number of the guests in well chosen words.

There were eight courses served and the details of the banquet were admirably arranged. Mrs. Leach, of the Bellevue, rendered excellent service.

The occasion was truly great and the furniture men and other friends present are lavish in their praise for Mr. Dunbar's hospitality.

Serious Runaway.

What might have proved a fatal runaway occurred this morning on East Market street. Miss Mary Foust, who lives in the eastern part of the county, accompanied by another lady, was driving into the city in a top buggy. When almost immediately in front of Mr. Silas Dodson's residence a horse and dray driven by a negro boy dashed up behind their buggy and the dray horse ran into it in such a manner as to overturn the buggy. Both ladies were caught in the top of their buggy, and their horse taking flight began to run. Fortunately he was stopped after running only a short distance, but the ladies were badly shaken up and bruised. They were taken into the residence of Mr. Dodson and remained there all the morning. This afternoon they were sufficiently recovered to transact their business in the city, but their nervous system will not get over the shock for some time.

The driver of the dray says that his horse was running and he could not control it.

Where to Quench Your Thirst.

The finishing touches to the public fountain, familiarly known as the "Dog Mouth," in front of the county court house, were put on this morning, and the thirsty public may now refresh themselves there. The appearance of the stature is much improved by the repainting.

At the Recruiting Office.

Business at the recruiting station is booming. Seven new recruits were enlisted yesterday afternoon and most of them will serve in the Philippines.

Mr. Brooks Very Low.

A telegram received this afternoon from Putnam says that Mr. A. J. Brooks, son of Mr. T. T. Brooks, on whom an operation for appendicitis was performed last Tuesday, is very low.

MARRIED IN CHARLOTTE.

Ex-Sheriff J. W. Cook and Miss Minnie Blackburn Made One.

The Telegram contained an innocent looking little paragraph yesterday saying that Mr. W. E. Beville and Miss Minnie Blackburn had gone to Charlotte for a short trip. This created no suspicion and behold the surprise of Greensboro friends when they read the following in the Charlotte Observer this morning:

"Mr. J. W. Cook, of Greensboro, and Miss Minnie Blackburn, of the same place, were married in the parlors of the Central Hotel, yesterday at noon. Rev. Parker Holmes, pastor of the Broadway Street Methodist church, officiating."

"It was not a Gretna Green affair, but a common sense arrangement by which they got rid of the trouble and bother of a 'pretty home wedding.' Mr. Cook and his affianced arrived here on the morning train from Greensboro, and the wedding arrangements were soon perfected. The ceremony was performed in the presence of quite a number of friends."

"Mr. Cook is an ex-sheriff of Guilford county. He and his bride were the guests of Mr. Holmes last night. They leave this morning on the return to Greensboro."

The bride and groom are both well known and highly esteemed in this city, and have hundreds of friends who wish them great happiness.

Fire in South Greensboro.

An alarm of fire was turned in this afternoon about two o'clock for a fire located in the residence of Mr. A. A. Johnson on Aflington street. Mr. Johnson's daughter, Miss Kate, made a fire in a little one story room by the side of the house, and it is supposed that a spark from this fire set the roof on fire. Some one passing on Elm street, a block away, saw the blaze and running across lots, with the aid of a ladder handy, put the fire out by the time the firemen were on the spot. The entire fire department turned out but were not needed.

Took His Hat.

Last night Mr. J. A. Logan, who boards at Mrs. Myricks boarding house on Summit avenue, saw a stranger loafing on the street immediately in front of the house. He went out and asked the man if he was looking for any one. The stranger replied not, but he still continued to hang around the place. When Mr. Logan retired he left his hat down stairs in the parlor. Upon looking for it this morning he was unable to find it and he thinks the man hanging around there last night now possesses it.

Death of an Infant.

A telegram was received here this afternoon announcing the death of Dorothy, the nine months old daughter of Mr. and Mrs. Marvin Carr, at their home in Waynesville. The remains will be brought to this city tomorrow night and the funeral will take place Saturday.

Mrs. and Mrs. Carr have the sympathy of their friends in their bereavement.

For Stealing Chickens.

Deputy-Sheriff B. E. Jones captured a negro boy this morning named Tom Young, charged with stealing chickens from Mr. O'Connor, south of the city. The darkey said the chickens were brought to him, but he was lodged in jail all the same.

Received a Check.

Mr. B. E. Jones, recorder for the Knights of Honor, at this place, today received a check for two thousand dollars, insurance on the life of Dr. Robertson, recently deceased. The check is payable to Mrs. Mary E. Robertson.

MR. CURTIS LEAVES MT. AIRY

Will Become Superintendent of Schools in Burlington—Highly Appreciated at Mt. Airy.

Mt. Airy, April 10.—The information that Superintendent F. H. Curtiss, of the graded schools of Mt. Airy, had tendered his resignation to the Board of Education, to take effect at the close of the scholastic year, came as a sad and serious surprise to the citizens of the town and especially to the patrons of the school, whose children have been under his educational direction and influence for the past three years. Because he had assumed charge of our schools by unanimous invitation, because from the very first he had shaped and directed their scope and course of study, because he had manifested earnest interest in the fixed and strong establishment of one of the very best graded schools in the State, because of the high esteem in which he is held not only as an instructor, but as a citizen as well, because he and his family are most pleasantly regarded as residents of this town, and because it was earnestly hoped by all that he would remain permanently with us, the Board of Education and the patrons of the school had become to regard his permanent residence among us as a matter of course, and had no thought of his making a change.

Inquiry disclosed the fact that the progressive people of Burlington have ambition along the line of educational advancement just as our people have, and, having ample means at their command, set about the selection of a superintendent who should know how to arrange, direct and conduct in a successful manner a graded school. Without any definite knowledge or assurance as to their ability to secure him, they, through their trustees, elected Prof. Curtiss superintendent of their schools and apprised him of their action.

Notwithstanding the fact that the attendance of the Burlington schools will be greatly in excess of our own, and that the salary offered him is larger than that he was receiving here, Prof. Curtiss took the matter under careful advisement and rightly, as we are at last forced to admit, has accepted the position. Thus, in an enlarged field of usefulness, he continues his chosen life work in our State and for our State, and we bespeak for him such measure of success in his new field of labor as his true worth merits. We surrender him to Burlington with deep regret, yet feeling that our loss will be Burlington's gain.

W. C. T. U. Convened Yesterday at High Point.

High Point, April 10.—As previously announced the Woman's Christian Temperance Union convened here yesterday morning in the Methodist Episcopal church and will continue through today. It is being conducted by Mrs. J. Tyler Johnson, of Richmond, Virginia, assisted by Mrs. Mary E. Cartland, State president of the W. C. T. U. and local officers. The meeting is fairly well attended and is especially interesting to all W. C. T. U. workers.

Saturday Prof. Gentry's Dog and Pony Show comes to town as also does the Schubert Symphony Club and Lady Quartette that night and on Tuesday following, another circus by the name of the Great Rhodo Royal Show—enough announcement for awhile for the boy of "pantaloon age."

The Presbyterian Manse will be erected on Main street between the church and the residence of Mrs. L. L. Wheeler.

The required number not entering last night the oratorical medal contest was called off at the M. E. church. The session was devoted to speech making however.

Please pay in your subscription to the Monument Fund today. The work is progressing and the money needed.

NOT GOOD FARMERS.

Few Immigrants to America Capable of Doing the Work.

Some Interesting Facts Regarding the Distribution and Employment of the Incoming Thousands.

Between the years 1830 and 1890 10,000,000 of the 13,000,000 immigrants who came into the United States were natives of Great Britain or of Germany, and the number of Scandinavians was nearly 1,000,000. The great majority of these newcomers, especially those from Germany, Norway and Sweden, were farmers whose destination was the west. The term the west, as understood by immigrants, meant at one time the western countries of New York and Pennsylvania, later the states of what is now called the middle west, Ohio, Indiana and Illinois; then the trans-Mississippi states of Iowa, Nebraska and Kansas and, finally, the northwestern states, to which, prior to 1895, most of the new immigrants went.

In the last few years, notwithstanding the prosperous condition of American manufactures, the large harvests and liberal prices for cereals and live stocks, there has been a marked falling off in the immigration of farmers to the United States and a decided increase in the number of immigrants seeking homes in the large cities and manufacturing towns. The official figures of the calendar year of 1900 have not yet made their appearance, but the total number of immigrants will not be far from 475,000, and of this number more than 100,000 were from Austria-Hungary, another 100,000 from Italy and another 100,000 from Russia and the Polish provinces of Germany, while Great Britain furnished less than 50,000, of which number 40,000 were from Ireland. These new immigrants seek homes and employment in the large cities, says the New York Sun.

The fertility and productiveness of American farms are as great as and in some cases greater than they were many years ago. The means of transportation have been vastly improved and the market of demand is decidedly larger than it ever was before. But the conditions for the purchase of land are no longer so favorable. The most eligible government lands for free homesteads have been disposed of. The railroad grants which included alternate parcels along the line of the roads have been sold and in most cases occupied. No state, except in the southwest, where the climatic conditions are not generally such as to attract European farmers, is under the necessity of offering inducements to immigrants, and the latter, no longer recruited from the farming class on the European continent and in Ireland, come chiefly from large European cities in which the population has become congested or in which the rate of pay to mechanics has been forced down by competition or the use of new mechanical appliances.

There is a constant and increasing demand for mill hands and artisans throughout the United States, and it is to some extent supplied by new immigration. The three countries which now furnish the largest share of immigration, Austria, Russia and Italy, have comparatively little in common with the United States in the way of language, customs, historical tradition or the forms of government. There are no longer in Russia or Austria persecutions which would explain a wholesale exodus of the inhabitants of various districts, as was the case 10 and 15 years ago. The economic condition of Italy is rather better now than it was at the time when Italian immigration to the United States began to be large, and the increase of the immigration from these countries can, therefore, be explained only upon the ground that the demand for such labor as their immigrants have to offer is growing in the United States. The falling off of German immigration is explained by the fact that Germany is ceasing to be an agricultural and is becoming a manufacturing country. The total immigration to the United States last year was larger than in any previous year since 1893.

THURSDAY, APRIL 11.

AN UNPOPULAR SERMON.

The accurate editor of Charity and Children remarks in his paper this week:

This man Aguinaldo has won the admiration of the world for his daring, and from his standpoint there has been ample justification for his course. He was making a fine fight to free his country from the galling yoke of Spain, when Dewey came upon the scene and knocked the bottom out of the old tubs in Manila bay. Thinking to hasten the freedom of the Philippines, Aguinaldo joined his forces with us against the common enemy; but lo and behold, when Spain surrendered, our government with strange generosity paid her twenty millions of dollars for the islands which belonged to neither party. Then Aguinaldo continued the warfare against us that he began against Spain, and for exactly the same reason; and he made a game fight.

While it is hardly interesting now to thresh over old straw, it may not be out of place to remark that our friend has his facts wrong. This is a mere oversight, of course, on his part, and we call attention to it only because there is so much talk that puts our country in a bad light. We believe it is positively harmful to the rising generation to continually make charges, more often than not without reason, which are dishonorable to our country, and bring our government into the contempt of the people, and it will certainly have the effect of lessening the love and respect due the country in which we live. It is a mistaken policy to be forever trying to keep the government of our country in the contempt of its citizens, and all because our own party is not in power. We do not mean that our contemporary does that, on the contrary we wish to commend it for the breadth of view it always takes. Further on in the article from which we have quoted this country is given just credit for the treatment it has accorded Aguinaldo, and so our contemporary will excuse us for making his remarks, the text for a very dull and really unpopular sermon.

The fact is, when war broke out with Spain Aguinaldo was not fighting Spain. He was living at Hong Kong, and had been for months, on gold which Spain paid him to leave the islands. He went over with Dewey's fleet. True he gathered up an army and fought the Spaniards after he got there. But after Spain was whipped, all the world held the United States, and not Aguinaldo, responsible for conditions there until the question of ownership was decided, and while the army of the United States was merely doing the police work demanded of them by civilization Aguinaldo attacked that army and forced it not only to defend itself but to drive him away.

Aguinaldo may be a patriot, he is certainly a man of ability, but we do not like to see our own country abused, accused of dishonor, of breaking faith, and of all other crimes known, when not a reputable statesman in the world can be found who can point out any different course it might have better pursued. It is a fact worthy of note that Aguinaldo has willingly taken the oath of allegiance, and in doing so stated that he was satisfied with America and believed that she would

be generous, yet many of our people are still harping on the supposed outrageous way a true patriot has been treated. This is a question on which common sense must be applied and not impossible or declamatory theories.

United States Senator Simmons, Attorney General Gilmer and several other lawyers went to Greensboro yesterday to see that the cases against the Democratic registrars for failing to register certain negro voters were finally dismissed.—Raleigh Times.

The Times is mistaken. Only Mr. Gilmer came here. At least one other Raleigh paper stated that Mr. Simmons was, or would be here. It also stated that Marion Butler was here on Wednesday of last week, which statement had no foundation in fact.

Didn't Want Cases Dropped.

Statesville Landmark.

The fact is, the extreme element in these cases dropped and for several reasons. One is that they did not want the Democrats who opposed impeachment to get the credit for stopping them; another is that they, or some of them, desired the cases to go on because they knew the trial and possible conviction would create much bitter partisan feeling and hatred of Republicans among Democrats, and as this element can only thrive and fatten on strife they wanted the strife kept up, regardless of consequences. Another reason is that a good many Democratic lawyers expected to get a liberal fee out of the State treasury for defending these registrars and also to attain notoriety in the conduct of the cases, and they, therefore, are not pleased when they find their occupation gone. It is these persons who express indifference as to whether the Republicans dropped the prosecution because, they say, the registrars could not have been convicted anyway and they were entirely to high-minded to ask any favors of the Republicans, preferring rather to fight.

The good people of the State, however, will be glad to learn that these cases have been dropped—glad on account of the registrars; glad for the reason that it will put an end, for a time at least, to political strife and will save the tax payers of the State a good sum of money which would have gone into the pockets of the lawyers in favor with the Governor.

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

CAUGHT A DREADFUL COLD.

Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1658 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits. For sale by C. E. Holton, Druggist."

Those famous little pills. D. Wit's Little Early Risers will remove all impurities from your system, cleanse your bowels, make them regular. Howard Gardner.

A TESTIMONIAL FROM OLD ENGLAND.

"I consider Chamberlain's Cough Remedy the best in the world for bronchitis," says Mrs. William Savory, of Warrington, England. "It has saved my wife's life, she having been a martyr to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by C. E. Holton, Druggist.

THE BEST REMEDY FOR RHEUMATISM. QUICK RELIEF FROM PAIN.

All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parson & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommend it so highly that I thought I would try it. I was soon relieved of all pain. I have since recommended this liniment to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." or sale by C. E. Holton, Druggist.

THE BOY REMEMBERED.

Gov. Stewart of Missouri Had Met This Man Before Under Different Circumstances.

A few years ago, while Robert Stewart was governor of Missouri, a steamboatman was brought in from the penitentiary as an applicant for a pardon, says the Indianapolis Sentinel. He was a large, powerful fellow, and when the governor looked at him he seemed strangely affected. He scrutinized him long and closely. Finally he signed the document that restored the prisoner to liberty. Before he handed it to him he said: "You will commit some other crime, and be in the penitentiary again, I fear." The man solemnly promised he would not. The governor looked doubtful, mused a few minutes and said: "You will go back on the river and be a mate again, I suppose?" The man replied that he would. "Well, I want you to promise me one thing," resumed the governor. "I want you to pledge your word that when you are mate again you will never take a billet of wood in your hand and drive a sick boy out of a bunk to help you load your boat on a stormy night." The steamboat man said he would not, and inquired what the governor meant by asking him such a question. The governor replied: "Because some day that boy may become a governor, and you may want him to pardon you for a crime. One dark, stormy night, many years ago, you stopped your boat on the Mississippi river to take on a load of wood. There was a boy on board who was working his passage from New Orleans to St. Louis, but he was very sick of fever, and was lying in a bunk. You had plenty of men to do the work, but you went to that boy with a stick of wood in your hand and drove him with blows and curses out into the wretched night and kept him toiling like a slave until the load was completed. I was that boy. Here is your pardon. Never again be guilty of such brutality." The man, cowering and hiding his face, went out without a word. What a noble revenge that was, and what a lesson to a bully!

BRONCHITIS

may mean a mere cold or a chronic incurable inflammation of wind-pipes.

The quickest relief, for a cold, is also the most effectual balm for the worst condition of wind-pipes and lungs.

It takes the edge off a cold in a night, and relieves it progressively—one forgets it after a little.

An old bronchitis, however, is obstinate. Nothing restores the tissues, when once destroyed; and an old bronchitis has gradually impaired and partly destroyed the lining of those small pipes between throat and lungs.

Scott's emulsion of cod-liver oil is the balm; it soothes if it cannot restore.

WHAT MODERN SAILORS FEAR.

Not High Winds Nor Wild Seas So Much as an Explosion in the Boiler Held.

"Boiler explosions are the terror of the seafaring man," said an old-time deep water captain, to a New Orleans Times-Journal reporter. "Such a thing is bad enough on dry land, but imagine a catastrophe of that kind at sea! In ninety-nine cases out of a hundred it means the absolute wiping out of the craft itself and every soul on board."

"The average landsman would be greatly shocked in looking over the maritime records to see how many vessels disappear each year and leave absolutely no clue to their fate. They run well to the hundred mark, and such a mystery is not to be explained away by storms. A Chinese typhoon may swoop down like lightning out of a clear sky and tear a ship to pieces, but some floating wreckage is sure to tell the tale. A boiler explosion, on the contrary, will blow a hole as big as a railroad tunnel right through the center of the hull, and the stricken vessel simply goes down like a shot. There is no time to unfasten a boat from the davits or cut loose a spar."

"In the opinion of seamen that is the story of at least 90 per cent. of the ships that leave port and are never heard of again. Luckily the modern system of marine boiler inspection is extremely strict and thorough, but it is impossible to absolutely prevent carelessness and fraud, and often, no doubt, the fault lies with the engineer."

"There is an old story of a drunken Scotchman who mistook the thermometer for the steam gauge and 'cussed out' the stokers because he couldn't get the pressure above 80. That yarn will hardly hold water, but I've seen cases almost as bad. I am glad to say, however, that during the past ten years there has been a steady diminution of the number of vessels which 'mysteriously disappear.' That is due, beyond all question, to the increased stringency of boiler inspection and the greater strictness of examinations before a license is issued to engineers. Nevertheless there is still considerable room for improvement in both branches."

Will Explore Venezuela.
An exploration mission, bound for Venezuela, with the avowed purpose of exploring districts of the great forests of the lower Orinoco, has sailed from Bordeaux-Pauliac. The commission is composed of Dr. Lucien Morisse, its head, and his wife, as well as 12 others, whose special studies of profession eminently fit them to accomplish the end in view. Dr. Morisse is already known for the successful fulfilling of former missions to the same region. An avant-garde of the mission left in September last with a complete outfit for exploration and scientific ends.—N. Y. Sun.

For the two years ended June 30 last there were 16,627 criminal trials in North Carolina and 10,854 convictions. The total was 2,000 less than in the preceding two years.

WINE OF CARDUI

A SURE MEDICINE.

HANDSON, VA., Dec. 31.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

McLREE'S
Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the female organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

RHEUMATISM | CATARRH — DIS EASES CURED BY B. B. B.

It is the deep-seated, obstinate cases of catarrh and rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments doctors, sprays, liniments, medicated air, blood purifiers, have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the bones, joints, mucous membrane, and entire system the specific poison in the blood that causes rheumatism and catarrh. B. B. B. is the only remedy strong enough to do this and cure and so there can never be a return to the symptoms. Don't give up hope, but try B. B. B. (Botanic Blood Balm) or 3 Bs.

For sale by druggists and Howard Gardner, in Greensboro, at \$1 per large bottle, or 6 large bottles (full treatment) \$5. To prove our faith in B. B. B. we will send a trial bottle free to sufferers, so they may test the remedy at our expense. Address Blood Balm Co., Atlanta, Ga.

"Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I cannot speak too highly of that excellent remedy."—Mr. T. K. Houseman, Manatawney, Pa. Howard Gardner.
